Robert

Attached are the HIT Turbines split up by your North American Sales Regions for your salespeople.

Each Spreadsheet has two tabs to it.

The first tab gives turbine info and is sorted by, 1st TAB Sorted by Unit State, Plant Name, Turbine Series
The second tab gives plant contact info and is sort by, 2nd TAB Sorted by Plant Name, P. Manager, Maint. Manager

Hope this helps in our efforts for more part, field service and repair RFQ's.

I also did you up two remaining spreadsheets for "Alaska-Canada-Hawaii" and Mexico-Puerto Rico-Virgin Islands so you would have what is on the IIR database this year for "HIT" Units of North America.

At you and your salesforce service.

Jim
